Uninstalling The Holon App

Q Please note that the steps to access device settings and apps may look different based on the operating system installed on the device.

- **A** To uninstall the Holon app, navigate to the **Settings** page on the device and click **Apps**.
- **B** Locate the Holon app by typing Holon into the search bar.
- C Click the ellipses icon on the Holon app and select **Uninstall**.
- **D** Complete the steps in the uninstallation wizard on the device.
